Summary

Aspiring Full Stack Developer and Machine Learning Enthusiast with experience in web and app development. Skilled in building scalable applications and intelligent solutions, with a passion for integrating AI to deliver data-driven insights. Seeking an opportunity to contribute technical expertise and grow in a dynamic organization.

Education

B.Tech in Artificial Intelligence and Data Science	2023–2027
Kongu Engineering College, Erode	CGPA: 7.71
HSC – Thanappa Gounder Matric HR Secondary School, Dharmapuri	2021–2023
Percentage: 89.83%	
SSLC – Thanappa Gounder Matric HR Secondary School, Dharmapuri	2020–2021

Skills

Languages: Python, Java, R , HTML, CSS, JavaScript, React, Node.js, Machine Learning
Tools: Git, GitHub, Canva, Power BI

Projects

Mental Health Analysis – ML Web App (Python, Scikit-learn, Flask, React)

- Built ML models (Logistic Regression, Random Forest, SVM) to analyze mental health survey data.
- Deployed as a full stack web app using Flask and React with Pandas for preprocessing and Seaborn for visualization.
- Improved model performance through feature engineering and hyperparameter tuning.

Brain Tumor Detection – Full Stack Deep Learning App (TensorFlow, Keras, React, Flask)

- Developed a predictive web application to estimate traffic volume based on weather, date and holiday data.
- Integrated an MLPRegressor model with real-time inputs and APIs for interaction, using Pandas and Seaborn.

FarmConnect – Farmer-to-Market Platform (React, Node.js, MongoDB, Flutter)

- Built web and mobile apps connecting farmers with buyers for product listing and order tracking.
- Implemented secure transactions and basic AI-driven logistics support to improve supply chain efficiency.

Achievements

- BYTS INDIA Hackathon 2025 – Won **Best Implementation Award** for delivering a high-impact project.

Certifications

- | | |
|-------------------------------------|------|
| • Oracle Associate Developer Course | 2025 |
| • MongoDB Atlas Certification | 2025 |
| • IBM Software Engineering | 2024 |

Area of Interest

- App & Web Development
- Database Management Systems
- Machine Learning
